Confirm that the original Aetna plan is no longer active and that enrollment appears under the new plan.

5. Repeat for Each Benefit Group

If your organization has multiple benefit groups or classes, complete the plan selection separately for each group. Different groups may have different plan offerings. Please make sure to complete your dental and vision plan options when submitting your contributions.

Need Additional Options?

Contact your Benefits Specialist or Business Development Manager if you want an option that is not displayed, need different rates reviewed, or notice a missing plan mapping. Additional options may require underwriting review before they appear in the portal.
