## **PAY-TO-THE-PENNY ACCESS**

Juice cardholders may visit any Mastercard member bank and get free pay-to-the-penny access by showing their card to the bank teller. The process is straightforward.

1. Go to a Mastercard member bank.
2. At the teller window, present your card.
3. Let the teller know you'd like to withdraw all the funds from your pay card.
4. Follow the instructions from the teller.

The rules and procedures may vary across banks, so follow the teller's instructions. For example, they may ask if you have any outstanding transactions. The Juice Mobile app on your phone displays your activity, allowing you to check for any pending transactions. You can download the Juice Mobile app here: <https://www.juicefin.com/mobile>
