Caryn P.  
Business Owner

# Fast, Friendly Lending Process

Our process is simple, fast, and friendly. PFC works quickly to get you the funds you need so you can focus on growing your business.

## FAQ

### How quickly can my company get funded?

With financial documents in hand, we will conduct a brief interview with you and your team. Get a decision in minutes, then PFC will wire the funds within hours if you're approved.

### What financial reports are required for underwriting?

PFC requires a handful of standard business financial documents, including the following:

- Bank Statements
- Tax Returns (last 2-3 years)
- End of Year P&L and Balance Sheet
- Payroll invoices from payroll provider
- Aging AR

### Can I use the funds for something other than payroll?

Our capital can be used for any reasonable business need – not just payroll. Some common examples include: marketing, expansion, equipment, supplier discounts, and more.

### Will PFC run a credit report?

No. PFC will not run credit reports on you or your business.

### How is the funding amount determined?

Typically, PFC will analyze a company's financial needs and fund an amount anywhere from a recent payroll invoice amount to a multiple thereof.

### Can I obtain additional funding once I've paid it off?

Yes. If you maintain a solid payment history with PFC you are free to ask for additional funds. We understand that your business will continue to have unexpected turns that require a reliable source of capital - PFC is here to help you grow.

### Can I have the funds wired directly to my PEO?

Yes, if your PEO allows you to do so. Wiring funds directly to your PEO can often eliminate transaction processing time so that your employees can be paid on time.
