

Progyny helps you give members the inclusive and individualized journeys they deserve, with comprehensive benefits and dedicated support from preconception through menopause.

Personalized care that inspires profoundly better outcomes:

Preconception & Trying-to-conceive
Expert support and early clinical intervention both before and while actively trying-to-conceive – serving members where they are for all paths to family.

Fertility & Family Building
Outcomes-focused benefit design, integrated experience and directly managed network of the nation's top specialists to foster equitable, supportive, and respectful journeys to family.

Pregnancy & Postpartum
1:1 coaching and tailored digital curriculum by stage for healthier pregnancies and babies, with inclusive return-to-work support.

Menopause & Midlife Care
Virtual care with an unparalleled, specialized menopause provider network, featuring interdisciplinary lifestyle support and education for empowered and healthier transitions through midlife.

+82 NPS for member experience

Note: Progyny represents Progyny in-network provider clinic averages for Progyny members based on the 12-month period ended December 31, 2022. For each Progyny outcome presented, the p-value when compared to the national average is <0.0001. | 1. Calculated based on the Society for Assisted Reproductive Technology, or SART, 2020 National Summary Report, finalized in 2023. | 2. Calculated based on CDC, 2021 National Summary and Clinic Data Sets, published in 2023.
